Presentation & Tour of the
Oregon City Campus

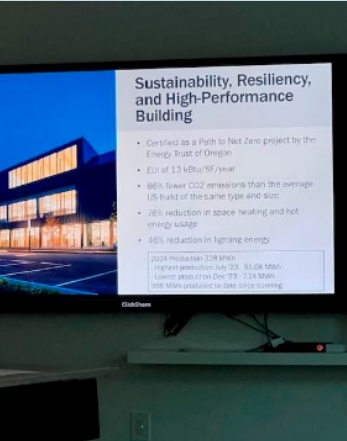

Join us for an engaging panel presentation!
Gain insight into the strategy and innovation behind the design and construction of Rivermark HQ. This educational session will highlight how the operations team played a key role in shaping a space built with maintenance, efficiency, and sustainability in mind.
Learn how thoughtful collaboration led to smarter systems, streamlined operations, and a workplace that truly supports its people.
After the panel, stick around for a relaxed happy hour, great conversation, and even a little friendly competition on the putting green.

BRANCHING OUT: REAL SOLUTIONS FOR TODAY'S FACILITIES

World Forestry Center
April 23rd 8am-5pm

Rooted In Reality

...Built for Facilities.

Facilities management doesn't happen in a vacuum – and it doesn't look the same in a hospital, a campus, or a corporate portfolio. This year's IFMA OSWW'S Symposium and Trade Show brings facility leaders together in the heart of the World Forestry Center to branch out beyond theory and focus on the operational, people, and asset challenges facility managers are facing right now.

What's the Buzz?

- Hear how others are solving similar problems
- Get clarity on what's worth investing in – and what isn't
- Connect with people who get your day-to-day reality
- 45-minute sessions that respect your time

Sustainability – In Context
Sustainability isn't treated as a buzzword. It's explored as a tool to:

- Reduce operational risk
- Extend asset life
- Improve reliability and occupant experience
- Support long-term planning and resilience

Connecting Facility Managers on the IFMA Credentialing Journey

This credentialing-focused networking event is designed exclusively for IFMA members who are actively pursuing an IFMA credential or who have already earned one. Talk with peers at various stages of the credentialing journey, share insights on study strategies, and build stronger connections within the IFMA community.

The evening will feature a panel of credentialed professionals sharing their credentialing journeys, key lessons learned, and how credentials have supported their professional growth.

Here's your chance to connect with others who have made a meaningful investment in their professional growth, all while enjoying the vineyard views of Amaterra Winery.

****Attendance is limited to IFMA members who hold an IFMA credential or are actively enrolled in one.****

Thank you to the sponsors making this event possible!
